

Intelligence Analyst

Req ID: SB_IA_01 – SB_IA_03

Position Title: Intelligence Analyst

Classification Requirement: TS/SCI with CI polygraph

Position Description:

Intelligence Analysts use information derived from all intelligence disciplines to determine changes in adversary capabilities, vulnerabilities, and probable courses of action. The Intelligence Analyst is primarily responsible for supervising, coordinating and participating in the analysis, processing, and distribution of strategic and tactical intelligence. Establishes and maintains systematic, cross-referenced intelligence records and files. Receives and processes incoming reports and messages. Determines significance and reliability of incoming information. Integrates incoming information with current intelligence holdings and prepares and maintains the situation map. Analyzes and evaluates intelligence holdings to determine changes in adversary capabilities, vulnerabilities, and possible courses of action.

Because we serve on a greater team that serves our country, the Intelligence Analyst is required to possess an active Top Secret/Sensitive Compartmented Information (TS/SCI) security clearance and successfully complete a counterintelligence (CI) Polygraph.

Required Skills:

- At least 3 years of relevant intelligence analysis experience *.
- General knowledge of the Intelligence Community.
- Ability to perform administrative tasks, data searches, data input and retrieval.
- Ability to develop target folders.

* A bachelor's degree in a field related to the support services may count for up to four years of this experience. A master's degree in a field related to the support services may count for up to two additional years of this experience. A doctorate degree in a field related to the support services may count for up to three years of this experience.
